ABOUT ME

Creative problem solver with an entrepreneurial mindset and a passion for health, performance, and technology. Recent MBA grad and former college athlete with hands-on experience using AI tools to analyze community sentiment, build marketing workflows, and uncover actionable insights.

WORK EXPERIENCE / PROJECTS

CREATOR - WHOOP REDDIT INSIGHTS DASHBOARD

Solo Project | May 2025

- Built a real-time dashboard that monitors r/whoop to surface marketing-relevant insights around the Unlocked 2025 product launch
- Used GPT-4o and Vercel to extract member sentiment by feature, competitor mentions, cancellation reasons, and quotable social proof
- Designed to support messaging strategy, campaign optimization, and reviews monitoring by making community voice actionable

AI PRODUCT BUILDER – MENTRA (ACADEMIC ADVISOR AGENT)

Collaborative project with professor & classmate | Jan 2025 – Present

- Spearheaded MVP development of Mentra, an AI-powered academic advisor designed to guide college students through course selection, scheduling, and academic decision-making
- Utilized LLMs + RAG workflows to provide personalized, real-time recommendations based on course catalogs, student goals, and university requirements
- Worked cross-functionally with an AI professor and co-founder to scope features, design conversational flows, and iterate on MVP
- Explored integration with existing academic systems for potential pilot rollout at Endicott College

CO-FOUNDER – NEWBURYPORT BASKETBALL ACADEMY

Newburyport, MA | May 2024 - Aug 2024

- Co-founded a community basketball training initiative for local youth athletes alongside fellow alumni
- Led branding, content creation, and early marketing efforts to build awareness and establish a credible presence
- Collaborated on initial program strategy and value proposition before handing off operations to full-time partner

INTERN – BIOPOINT, INC. (LIFE SCIENCES STAFFING)

Fall 2023 – Semester Internship

- Gained exposure to B2B sales processes and pipeline strategy
- Worked cross-functionally with recruiting and sales teams to assist in client outreach
